Summary

I am a passionate self-thought programmer .after in my higher secondary education in my friends and others are going into different fields but I will not satisfy with this education system and I will start to self-learning Today I am very happy because I will find in my passion.

Experience

Brototype Malayalam
Web Developer
February 2022 - Present (3 months)
Kinfra Techno Industrial Park Calicut

This program Was a 6-month Internship I will get More achievements In my life Personel Life And Technical.

Mtm Vetinery MEDICALS pookotumpdam
Accountant and sales
August 2021 - January 2022 (6 months)
pookotumpadam malapuram kerala

After my higher secondary a get carrier gap because at that time I will start self-learning in programming. I want to pocket money at that time and join a shop and started self-learned in accounting at that time and I will get a chance in accounting at a shop.
